Annexure 1:

South Coast and Tablelands Region Rover Council

Role Descriptions

Version 1 – March 2006
Version 2 – March 2013

be prepared...
for *new adventure*

Context and Purpose:

The South Coast and Tablelands Region Rover Council (SC&T RRC) is the self governing body for all of the Rovers in the Region. Typically the Council meets on a monthly basis to undertake the aim of the Council as stated in the Constitution, which is to assist in the ongoing development of, and ultimately support, Rovering within the South Coast and Tablelands Region.

The following Role Statements aim to provide a guidance and a framework for future Rovers who are elected to the various position on the council. They are in no way to act as an inhibitor for any individual to further the aims of the Council.

It also is critical to note that for the Council to remain current and relevant to Rovering in the Region it is critical to review and update these Role Statements periodically to ensure they accurately capture the key responsibilities of each Role.

One last note, while writing these Role Statements it became apparent that each position defined below is critical to the current running and future development of Rovers in the Region. Any incumbent Council that neglects positions or particular areas of responsibility does so to its own detriment.

Yours in Rovering
