5.5 Webmaster

A new feature has recently been added to the website - calendars for individual crews. This idea originally came from Kusi during an RRC Exec meeting. Essentially, it is powered by google calendars, and you can view this on the scatrovers calendar by selecting the crew. These calendars can also be subscribed to on your smart phones. Figtree Rovers have trialled this and have found it works well. If crews wish to participate in this project, please have a crew member contact me via email.

The rush has begun! With 30 shields in the manufacturing line at Lake Heights Scout Hall, an additional trebuchet, 3 spearguns, and equipment to build a medieval castle, the committee are working hard to make the deadlines! Matthew Riley, Allan Goodger and Peter Perusco are taking on the catering for the event, in which we thank them for assisting for yet another catering duty at WWG. With 4 crews in attendance (Figtree, Shoalhaven, 4th Gong & Albion Park) Rovers will be running the Castle Seige, and creating mayhem to prevent scouts from breaking down the castle walls!

Past events and activities:

Halloween was a major event this year. The Venturers had found a 'haunted' vacant house in Murrumbateman, where they took the Scout group to sit on the porch and tell them ghost stories and try and scare them. What they did not know though, was that the Rovers had gained access inside the house with the permission of the owner and were lying in wait. As the night got darker, the scouts were starting to get scared with the ghost stories being told, then we started making some creaking sounds inside the house, footsteps and capping it off with the girls letting out a scream and slamming an interior door, which ended up in both the Venturers and Scouts running out of the yard very quickly. In the lead-up to Halloween the crew did some pumpkin / watermelon carving and the week before that we modelled things out of old cans (Planes, Submarines, Dinosaurs, Naked Women etc.) during the month we have been one Rover down, as he was away with the RFS sent to Sydney to fight the bushfires.

Saturday Morning activities will be crew based, and we will be requesting that the Crews in the Region run activities based off numbers. This will include Austinmer, Albion Park, Figtree and 4th Wollongong. We also wish to request that if they think they are able to, Tablelands and Goulburn run an activity- whether separately or individually. These activities need to be based off a list of predetermined themes; Flying, Gadgets, Fighting, Secret Identity, The Clean Getaway or charm. In addition, we hope to organise capes to be decorated on the Saturday morning. We need details and costs for crew based activities by the February RRC- to be held on February 11th, in order to complete budgeting for the activity. We also are requesting one member from each crew to visit their closest Venturer units to plug the event.
